

# 19<sup>th</sup> ANNUAL CLIENT AWARDS

2015

# FUND MANAGERS OF THE YEAR

## Table No 12

As in previous years we tried to raise money for charity with each of our tables becoming Fund Managers and being given money to “invest” on the races. Unfortunately only 3 tables made a profit. Our initial investment of \$1040 became \$518.

Our chosen charity was future2 who exists to make a lasting difference in the lives of those who need it most. Through grants to community, not-for-profits and charities, the Future2 Foundation supports young Australians who are financially and socially disadvantaged, helping them to lead productive, fulfilling lives in the community.

Financial Planning Association

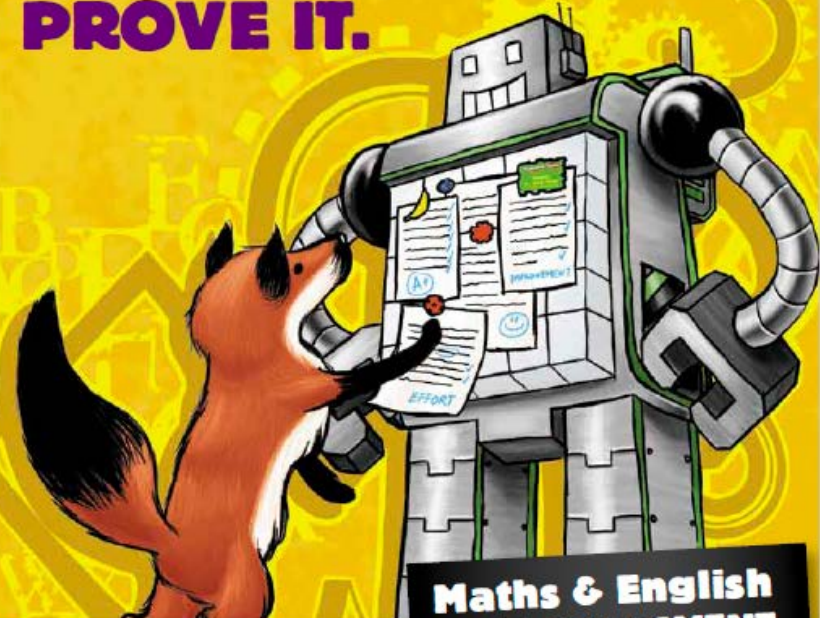

## Welcome to Future2

Financial planners giving back to the communities  
from which they draw their livelihoods

A big thankyou to those of you who donated your own funds with a special mention to Sally and Brett Tompson from Number Works and Words Chevron Island who donated \$500! which has increased our donation to \$1320.

NumberWorksnWords provides face to face, individualised tuition tailored to meet the learning needs of your child using a success based programme. They want every child feeling more confident about themselves as a learner. This is done through rewarding achievements, constant feedback on progress, games and certificates. It's amazing how quickly their results – and their attitudes change when their learning feels like fun!

A low-angle, close-up photograph of several horses running on a lush green grass field. The focus is on the lower legs and hooves of the horses in the foreground, with some hooves showing signs of wear. The background is slightly blurred, showing more horses and the continuation of the grass. The overall scene conveys a sense of speed and energy.
